Description

The Diamond Tungsten Peg Stop 1-2 Weight Stoppers are designed as a simple and efficient way to to peg your weights in order keep your weight from sliding up the line. The unique taper style allows the Diamond Tungsten Peg Stop to go into the end of the weight to give your line more protection as well as keep the weight secured next to the hook. The Diamond Tungsten Peg Stop 1-2 accommodates up to 1/2 ounce weights. Available also up to 3/4 ounce. Diamond Tungsten Peg Stop 3-4. These new weight stops are what the professional and weekend anglers turn to for a quick and hassle free way to peg weights. More importantly, when you set the hook on a fish, this stopper will slide up the line and your weight to pull away from the fish. Try just one pack to see the difference. The Diamond Tungsten Peg Stop weight stoppers come 10 per pack.
